

**Hill City Happenings: October 2009**  
**by Marci Eben**

Often times God's faithfulness is subtle; he works quietly and steadily, orchestrating circumstances to carry out his plans. Other times, his answers to prayer are more overt...like, say, a pie in the face. On a Sunday night in September, Hill City kids were able to see and hear and taste a little bit of God's promise for their lives and kids in their community at our *first ever Hill City Young Life club*. To most of the kids, the evening probably looked like a couple of crazy hours with music and root beer floats and yes, some pies in the face. But to the many people who have been praying unswervingly for over four years for high schoolers and the ministry of Young Life in Hill City, that Sunday night was a picture of God's faithfulness. While God has undoubtedly been working quietly and steadily in the community this whole time, that first club was a colorful glimpse at the big picture of what he has in store for Hill City Young Life. We kicked off this first semester of club with over twenty-five kids who now have a safe place in their own town where they can come on Sunday nights to laugh, be themselves, and hear the beautiful truth of a Creator who *loves them*. Please continue to rejoice and pray with us for the kids in Hill City and the leaders who are spending time loving and investing in them. Thank you for your prayers!
